Education

2021-2024: Monash University
Bachelor of Engineering
(Biomedical Engineering)

GPA: 3.219

2022: Cert IV in Leadership and
Management

2024: Worked with HitIQ on smart
mouthguard data as Final Year
Project

Key Skills

Attention to detail
High aptitude for learning
Customer Service

Objective

I am a courteous and committed engineering graduate of Monash university, I am seeking work to expand upon the critical thinking and cooperative skills I have developed throughout my course and prior experience.

Experience

April 2023 – December 2023

Shelf stacking / unpacking pallets • Coles Hallam

January 2024 – December 2024

Intern Mechanical Engineer • RINGSPANN Australia

Key skills obtained from these roles include the ability to collaborate well with small and varying teams, analysis of technical drawings and prioritizing of work tasks.

Leadership

Served as a volunteer Resident Advisor for Normanby House at Monash University in 2022, wherein I assisted residents and ran events throughout the year
